News (<https://electricmiles.com/category/news/>)

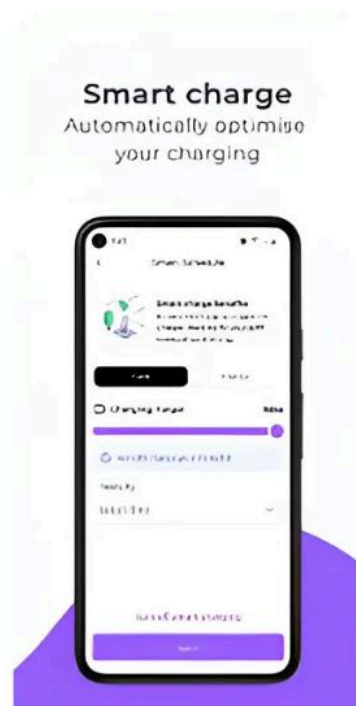

A large purple rectangular graphic with rounded corners. In the top right corner, there is a white pill-shaped logo for 'em SMART ENERGY MANAGEMENT'. In the center, there is a white icon consisting of a checkmark inside a circular arrow, symbolizing a successful update or refresh. Below the icon, the text 'Electric Miles just dropped amazing updates this month' is written in white. At the bottom center, there is a small globe icon followed by the text 'electricmiles.com/blog'.

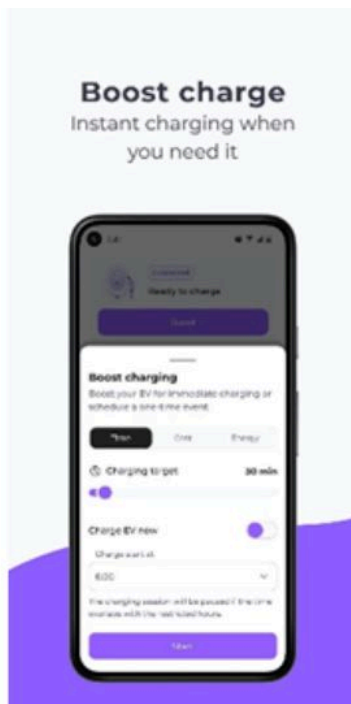

One remarkable feature is **Agile Tariff Integration**, designed to save you **money** and **simplify management**.

By adjusting to fluctuating electricity prices, it ensures you charge your electric vehicle when rates are lowest, maximising cost-effectiveness and saving you valuable time and money.

Effortless Full Charging is another standout feature, engineered to save you time and eliminate range anxiety. With this feature, achieving a full charge for your vehicle before your next journey is as simple as can be, eliminating any uncertainties and providing peace of mind on the road.

Finally, our **Enhanced Boost Feature** offers unparalleled flexibility and control, allowing you to initiate immediate charging or schedule a session for later, all within one convenient feature.

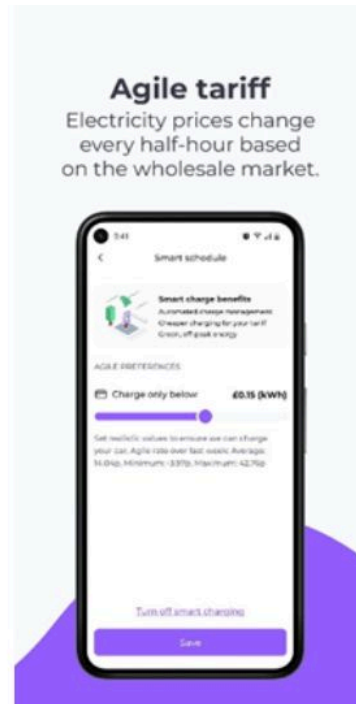

Electric Miles is committed to providing seamless solutions to meet your EV charging demands while contributing to a cleaner, more sustainable future. With these ground breaking updates, you can charge smarter and greener, whether you're on the road or at home. Don't miss out on the future of EV charging. Download the Electric Miles app today and take the first step towards a greener tomorrow.
